UNIVERSITY OF WOLVERHAMPTON

Project Management 4.3

Project Learning

UNIVERSITY OF WOLVERHAMPTON

Learning Outcomes

- By the end of this week, you will be able to:
  - State why a Lessons Learned Log is important
  - Be able to complete a Log.

UNIVERSITY OF WOLVERHAMPTON

Learning from Projects

- The Lessons Log is a project repository for lessons that apply to this project or future projects. You would set this up at the beginning of the project to capture this information to assist in planning future projects

- This is a PRINCE 2 construct, but thought should be put into how to capture this information in any structured project environment.
