Tableau Training 06

1. Dashboards

1. **Creating a Dashboard**:
    - Combine multiple sheets into one dashboard.
    - Add interactivity using the **Use as Filter** option.
2. **Example**:
    - Create a dashboard to display sales and profits across states and product sub-categories.

---

2. Formatting

1. **Axes Formatting**:
    - Right-click the axis and choose **Format** to adjust appearance.
2. **Font Customization**:
    - Change font type and size using the **Format Menu**.
3. **Shade and Alignment**:
    - Adjust shading and text alignment in visualizations.
4. **Formatting Borders**:
    - Add or customise borders in Crosstab charts.

---

3. Forecasting

1. **Purpose**:
    - Forecast future values of a measure using **exponential smoothing** models.
    - Weights recent data more heavily to predict trends and seasonality.
2. **Steps to Create a Forecast**:
    - Drag the **Order Date (Year)** to the **Columns Shelf** and **Sales** to the **Rows Shelf** to create a line chart.
    - Go to **Analysis → Forecast → Model Category**.
    - Set **Forecast Length** to 2 years and leave **Forecast Model** as **Automatic**.

- Click **OK** to generate the forecast.

3. **Describing the Forecast**:
    - Right-click the forecast chart → Choose **Describe Forecast** to view details like model parameters and accuracy.

---

4. Trend Lines

1. **Purpose**:
    - Predict trends and correlations between variables.
    - Available models: **Linear**, **Logarithmic**, **Exponential**, and **Polynomial**.
2. **Steps to Create a Trend Line**:
    - Drag **Order Date** to the **Columns Shelf** and **Sales** to the **Rows Shelf**.
    - Choose **Line Chart** as the visualization type.
    - Go to **Analysis → Model → Trend Line**.
    - Select the desired model (e.g., Linear).
3. **Describing the Trend Line**:
    - Right-click on the trend line chart → Choose **Describe Trend Line**.
    - View details such as the equation, coefficients, intercept, P-value, and R-squared value.
    - These details can be copied for further analysis.
